

ETHERMA eTOUCH basic - Switch mounting thermostat with touch pad

USE

The eTOUCH basic is characterised by the energy-saving function and its perfectly shaped design. The fuzzy logic control technology guarantees not only a more constant temperature but also helps to actively save energy. The control has a large segment display, as well as a selection function for floor or room temperature control. Optionally, the room temperature can be regulated and a limit can be set for the floor temperature.

TECHNICAL DATA

- > Voltage: 230 V
- > Switching current: 16 A
- > Temp. range: 5 – 40 °C
- > Mounting: on flush-mounted switching box
- > Hysteresis: Adjustable +/- 0.2 to 2.0 °C
- > Calibration: -4 to +4 °K
- > Power reserve: 24 hours
- > Draw-down: via external timer
- > Display colour: White
- > Frame colour: Gloss signal white RAL 9003
- > Display contrast: 0 to 10
- > Dimensions: 55 x 55 mm (without frame)
- > Floor sensor: 3 m (max. 50 m)
- > Protection rating: IP 21
- > Approval: CE compliant

BENEFITS OF THIS PRODUCT

- + Delivery with white frame (gloss)
- + Temperature reduction via external timer
- + Capacitive touch buttons
- + Compatible with various floor sensors
- + Easy menu navigation
- + Protection against overheating of wooden floors

ETHERMA INFO: Compatible switch programmes can be found on [www.etherma.com](http://www.etherma.com).

eTOUCH basic switch mounted thermostat with Touchpad, 230 V, IP 21

RG: 007 | DT: ex stock

Type	Order no.	Description
eTOUCH-basic-w	39722	Switch mounting thermostat with touch pad, 16 A, 5-40 °C, incl. white frame
ET-EF-eTOUCH	36826	Replacement sensor for designer thermostat eTOUCH

ET-71 - room, combination or floor thermostat for switch installation

USE

This thermostat features an energy-saving function. The fuzzy logic control technology guarantees not only a more constant temperature but also helps to actively save energy.

Selection function for floor or room temperature control. Optionally, the room temperature can be regulated and a limit can be set for the floor temperature.

TECHNICAL DATA

- > Voltage: 230 V
- > Switching current: 16 A
- > Mounting: on flush-mounted switching box
- > Temp. range: 10-45 °C
- > Colour: White, similar to RAL 9016
- > Dimensions: 55 x 55 mm
- > Protection rating: IP 21
- > Floor sensor: 3 m
- > Approval: CE compliant

BENEFITS OF THIS PRODUCT

- + Control through fuzzy logic control intelligence
- + Temperature limitation prevents improper operation
- + ON/OFF switch

ETHERMA INFO: Compatible switch programmes can be found on [www.etherma.com](http://www.etherma.com).

ET-71, 230 V, IP 21

RG: 007 | DT: ex stock

Type	Order no.	Description
ET-71	38692	Switch mounted thermostat, 10-45 °C, 16 A, colour: white; remote sensor included
ET-AR-7x	37830	Flush-mounting adapter
ET-EF-7x	37847	Replacement sensor
